

# LEADERS IN THE MAKING

Over 70 students from around the country and abroad got a rare chance to savour the flavour of life at The Doon School at the third edition of Summer at Doon, a fortnight-long leadership programme hosted by the school, recently. Conducted by Aspire India, the programme witnessed participation of 72 students including 46 boys and 26 girls of which three participants were from the United States, Japan and Belgium.

During the programme, they attended classes in areas like Socratic dialogues, communication and soft skills, social media, theatre,

games, social and community service, trekking and camping, rafting and other adventure activities.

Eminent Doscos (ex-students of the school) including actor Ali Fazal, Everester Ankur Bahal and parliamentarian Kalikesh Singh Deo among others gave away inspiring lectures to the students, informed Piyush Malaviya, director of public affairs. "It was the most amazing experience of my life," said Aryaman Singh, a class nine student from Delhi. Saarthak Kothari from Tokyo said that he had never imagined that The Doon School would've so much to offer.
