SCHOOL

The Doon School

Established 1935

Our Mission

“To attract and develop exceptional boys and teachers from all backgrounds to serve a meritocratic India; inspire them to be just and ethical citizens; train them to be wise and principled leaders; and prepare them to enter one of the strongest fraternities - for life.”

Our Vision

“Truly, we mean that the boys should leave The Doon School as members of an aristocracy, but it must be an aristocracy of service inspired by the ideals of unselfishness, not one of privilege, wealth or position.”

Arthur E. Foot, Headmaster, speech at the official opening of the school October 27th, 1935

A thick institution

- Leaves a mark on people, it becomes part of their identity and engages the whole person; head, hands, heart and soul.
- A sacred origin story and sets of rituals, failure and heroes who pull others from the brink, music and eating together in the daily routine.
- An idiosyncratic local culture.
- Our shared desire to do and be good and to serve a common purpose.

From the NY Times April 18 2017.

How to Leave a Mark on People by David Brooks.

What they say:

"The Doon School facilities are amazing and if I had the opportunity, I would do anything to come here. The intellectual approach of the modules was interesting as it made me question my identity and things that I had never thought of before."

- Nisha Kishore

"I have definitely learnt to use my time more productively, reduced the need for my phone and I also have an idea now as to what I would like to do with my life."
